

MICHIGAN STATE UNIVERSITY

May 31, 2018

Dear Sexual Violence Advisory Committee Members:

Thank you all for your service on the committee and your commitment to enhancing the University's response, prevention and education efforts, and supportive services. I appreciate the work of the committee in gathering input from the campus community and representing the voice of the campus at this important time.

I have attached for your reference the Annual Report and recommendations prepared by the Violence Free Communities Committee. Their recommendations were informed by the input you gathered through your joint open forums with Husch Blackwell during the spring semester.

I am supportive of the recommendations VFC presented and will work with them to support implement their recommendations and seek input from the SVAC as appropriate in that process. While some of the recommendations are outside the authority of the Title IX program, I will work to support VFC by connecting them with appropriate university leaders and supporting their efforts to advance action in these areas.

Thank you again for your work this year and for the integral role you played in representing the voice of the community in this process. I look forward to working with you next year as we continue to advance our efforts in this area.

Sincerely,
