Dear Violence Free Communities Committee Members:

Thank you for your continued service and commitment to enhancing the University's response, prevention and education efforts, and supportive services. VFC has played an integral role in leading this work for a number of years. The leadership and guidance of this committee is critically important to support emerging efforts to drive meaningful culture change on campus. I appreciate the work of the committee during the 2017-18 academic year and your time spent reviewing the community input gathered by the Sexual Violence Advisory Committee during the joint Husch Blackwell open forums.

I have reviewed the committee's recommendations as well as the annual report prepared by SVAC. I am supportive of all of the recommendations VFC presented. While some of the recommendations are outside of the scope of the Title IX program, I will provide support in engaging other leaders across campus to continue these important dialogues. I look forward to working with you next year as we implement these recommendations.

Thank you again for your work on this committee and for your ongoing work to cultivate a culture of caring and respect at MSU.

Sincerely,
